Pinku - one of the outstanding and brilliant person whom I have ever met on this earth. She is a golden asset to Avighna Productions

You simply can not find the combination of quality and style in any other fashion choreographer, which Pooja is carrying. She is very hard working, friendly as well as great human being. She choreographed couple of fashion shows for me and the way she managed and guided the models through out the training and the event was outstanding. She taught them great facial expressions and different types of walks based on the designers' attire.

Pooja hosted QIFE calendar launch event for us. We were amused to see the energy in this girl throughout the event. The way she made the audience - kids as well as adults - attentive and energetic throughout the event was mesmerising. She is an excellent fashion choreographer and looking forward to train our models for upcoming QIFE Fashion Show in India and Dubai.

It was a great experience and it was my pleasure to have Ms. Pooja as my choreographer. I learned a lot from her - how to walk on ramp with a grace on my face. She taught various postures, how to stand, walk, where to keep your hands. In addition, the grooming sessions she conducted, boosted our morale, brought confidence in us and changed our outlook.
